Gostaria de saber mais sobre o trabalho que fazes na área de comunicação e avaliação. Poderias dar-me algumas dicas? Também a agradecer de te conhecer!

Good morning Mariana. Hope you're well. My name is Florencia Tejeda and I'm a master's degree in Social Policy studying at UPenn. I'd like to complete my internship at the UN Women office in Washington DC. I'm writing to you because I wanted to see if you were available to be a mentor.

Dear Mariana, it was a pleasure to meet you at the EES conference. Although there was not so much time to talk to you, the words you said at the session on 'How to build a career in evaluation' really inspired me and made me realize that it is time to move on!

What is P2p+

P2p+ Mission, Vision, and Objectives

P2p+ Mission and Vision

- **Mission:** To boost the emergent supply of Monitoring and Evaluation specialists.
- **Vision:** P2p+ meets YEES' professional guidance needs while generating knowledge to the evaluation community and reinforcing M&E capacity.

Specific goals

1. Address YEES' technical and career advisory needs, through a network of peer support.
2. Map the career challenges of YEES and means to fast track YEES' careers.

The P2p+ Approach

- The target *audience* of the *P2P + M&E Career sessions* are young and emerging professionals.
- The *purpose* of these sessions is to provide tips on basic M&E-career related doubts.
- This is a *demand-driven* session, not training or workshop. You are supposed to ask questions!
- *Participatory* approach. We will collectively try to build answers, but you must continue your own search.
- P2P is a *safe space*. The sessions are confidential and non-judgemental.
